EHCON/ATIL/CONF/2025/002

24th October, 2025

ENVIRONMENTAL HEALTH SERVICE PROVIDER'S IN NIGERIA

LETTER OF INVITATION TO PARTICIPATE AT ENVIRONMENTAL HEALTH COUNCIL OF NIGERIA (EHCON) NATIONAL WORKSHOP AND TRAINING PROGRAMME IN COLLABORATION WITH AFRI TOURISM INVESTMENT LTD. FOSTERING PRESIDENT BOLA AHMED TINUBU'S RENEWED HOPE AGENDA IN THE ENVIRONMENTAL HEALTH SECTOR.

I am pleased to extend a formal invitation to you, to attend our upcoming workshop and training programme which aims at bringing together Environmental Health Officers, Safety Officers, Disease Surveillance and Notification Officers, Public Health Professionals and Policymakers in the public and private sector to explore the revolutionary impact of Artificial Intelligence (AI) in enhancing Environmental health and sustainability.

2. This groundbreaking event is designed to equip our dedicated environmental health public service professionals with cutting-edge technological skills and innovative strategies, by integrating AI into environmental health practices and the deployment of science and technology, it will enhance Nigeria's socio-economic development and participants will explore how AI can revolutionize public health surveillance, optimize environmental management, and drive sustainable development across the country.

3. As we aim to bridge the gap between Artificial Intelligence (AI) technology and improved environmental sustainability by ensuring a safer and healthier environment for all Nigerians.

4. In our commitment to support our environmental health practitioners and accelerate the adoption of these modern practices, we are pleased to offer a **50% discount** on the workshop fee for all participants from environmental health public service providers. This training is not only crucial for your professional development but is also essential for acquiring the credit points needed for the renewal of professional licenses, as mandated by EHCON.
